

TNS Recovery Complex®

The Highest Concentration of Growth Factors Available

TNS® Is Leading the Way

TNS Recovery Complex® is the first topical cosmetic made almost entirely (93.6%) of a blend of growth factors and matrix proteins found naturally in the skin. More than 380 growth factors and other proteins are naturally-secreted for TNS Recovery Complex using a patented process.

VISIBLE IMPROVEMENTS

TNS Recovery Complex® Improves the Appearance of Fine Lines & Skin Texture

BASELINE

6 MONTHS

Unretouched photographs of subject at baseline and six months after twice-daily use of TNS Recovery Complex® show a reduction in the appearance of periorbital wrinkles. Individual results may vary. Data on file at SkinMedica®.

TNS Recovery Complex® & TOTAL DEFENSE + REPAIR SPF 34

Our Stunning Neck & Décolleté Combination

SkinMedica® has the ideal combination of products to treat neck skin, which is delicate and more challenging to treat than facial skin. The neck is often forgotten in skin care routines, leading to the appearance of aging and sun damage. This combination of products helps to reduce the appearance of laxity and crepiness on the neck and décolleté.

FIGHT LAXITY & CREPINESS

TNS® Is the Answer

TNS® improves the overall appearance of skin, including fine lines, wrinkles, tone, and texture. When talking with your doctor about a complete skin care solution, ask about including TNS® products alongside other quality Allergan™ and SkinMedica® products.

Growth Factors Make TNS® Highly Effective

Young, vibrant skin has naturally occurring proteins that fight against aging and maintain epidermal health. Commonly referred to as growth factors, these proteins are important for skin rejuvenation and healthier-looking skin.

Patients See the TNS® Difference

Patient survey results after using TNS® Recovery Complex® and TOTAL DEFENSE + REPAIR products show high patient satisfaction. After 12 weeks, subjects felt this combination of products:
