

PX-T Peel Post Care Instructions

Your results depend on how well you adhere to the following

AFTER YOUR PEEL

- Change your pillow case the night of your peel.
- Wash face next morning after peel.
- Use gentle cleanser for the week after your peel.
- Apply WiQo moisturizing face/body cream 2-3 times a day for the first 2 days, and then 1-2 times a day thereafter. The WiQo facial smoothing liquid is to be applied once a day starting the day after the peel application. Let the smoothing fluid sit for 30 mins. before applying moisturizer and physical SPF.

Here are your NOs

- NO makeup for 24-48 hours
- NO exercising for 24 hours
- NO saunas, or steambaths for 48 hours
- NO direct sunlight for the length of your treatment plan.
- Avoid using any other products until next peel appointment.
