

What is **NOVATHREADS?**

NOVATHREADS are PDO threads. PDO stands for polydioxanone and is a synthetic absorbable surgical suture proven to be one of the safest materials to be implanted in the body.

Why **NOVATHREADS?**

NOVATHREADS are the **only** preloaded PDO Threads **made in USA** with the highest quality standards for manufacture and sterilization.

What is **NOVATHREADS** goal?

Our goal is to provide the best and safest technology to empower patient's confidence and well-being.

Who can be a good **NOVATHREADS** candidate?

NOVATHREADS are safe for adults with a healthy lifestyle. Consult your medical professional to see if Novathreads are right for you.

TESTIMONIALS

“No pain and no discomfort whatsoever. I can see an improvement right away, it was instant gratification and I'm very pleased with the results.”

“I felt very confident and very comfortable. Completely painless.”

“Minimally painful and went by quicker than I thought. I like that I can instantly go in and I can see the results. I don't have to wait for things to happen over the course of time.”
