

# You're not alone

Cellulite—it happens to just about every woman.<sup>3</sup> And yet the sight of the lumpy, dimpled skin brings a mixed bag of emotions. You may feel less attractive. Less confident. Less in control. But you can do something about it. Ask your healthcare provider about how the Profound treatment can help.

The Profound treatment is your alternative to surgery for improving the appearance of cellulite.<sup>1,2,a</sup>

of treated thighs showed an improvement in cellulite appearance.<sup>1,a</sup>

Data on file. Please for independent third assessment. Individual results may vary.

Profound®

## What you can expect

### Before

You'll meet with your healthcare provider to discuss your treatment goals.

### During

The Profound treatment delivers pulses of energy to the targeted areas. Your healthcare provider may apply a local anesthetic beforehand.

### After

Some redness or soreness may occur and in clinical studies resolved without intervention.<sup>2</sup>

Patients can typically return to their normal activities within 24 hours of treatment.

Ask us how you can benefit from the Profound treatment
