Rich hydration with a luxurious feel

HydraLuxe provides deep hydration for softer, youthful-looking skin.

Benefits:

- Improved moisture retention and skin barrier function
- Reduced appearance of fine lines and wrinkles
- Improved skin fullness and plumping

restore skin youthfulness

Total hydration with anti-aging benefits

With an advanced combination of ingredients, **HydraLuxe** not only brings deep hydration to the skin, but also preserves youthfulness and reduces the common signs of aging.

Key ingredients:

- **IQ: Adaptive Hydration** is an advanced complex that regulates moisture levels in the skin, reduces water loss and adapts the formula to different environments.

- **Snow algae** improves skin hydration and prevents environmental damage for skin longevity.

- **Chicory leaf extract** is a botanical that strengthens the skin's structure and reduces the visible signs of aging.

- **Peony extract** maintains and improves skin volume, and supports long-term healthy skin.
